MODEL COMBAT
FREE PREVIEW

https://www.magcloud.com/browse/issue/3307144

Model Combat Model Magazines are your door to understanding how a film like Girl Blood Sport came to be. Featuring original photography by wskel.com, take an unprecedented backlot backseat at the models who either posed for the original book cover -or- models who conceptualized and even inspired characters from the original script during a more innocent and fun and fancy-free time throughout the entertainment industry. Get a behind the scenes look through the intimate and uninhibited lens of a consumer point-and-shoot camera featuring compelling and provocative photo sets never before released – RAW and UNEDITED of these exotic and beautiful girls like you’ve never seen them before!

Throughout each guide, you’ll be introduced to two sets of photos – a photo shoot set, often depicting a model’s own favorite choice poses – a valuable tool that helped them to relax after each fight shoot. Models throughout 2013 were often given exhaustive and in-depth pre-shoot interviews that generated new observations and ultimately drew on these interviews and these shoots to write and develop the characters of Model Combat. The second shoot -the book cover fight shoot - consisted of the girls heavily soaked and self-lathered in baby oil, often with thick clear lip gloss on their lips and donned very thin black eyeliner, and performed set of face-offs/versus poses, fight stances, with punches, victory stances, and even custom moves such as kicks and splits – often with their hair down and then repeated all over again wearing a ponytail. Models throughout 2014 were often paid little by the hour in exchange for being guaranteed placement on the cover of a book sold on Amazon even to this day. From our previous experience with MMA and from these shoots we were also able to plan suitable locations – namely anything with water – as inspirations for the ones that take place in the script. All of these shoots took place in parks, pools, and beaches throughout Central Florida.

Ultimately, the success of one model per week for the book cover led to getting so caught up in the action models were split between both the front and back covers, originally planned to only be a two-model cover with both models facing off against each other. Too many models were photographed to successfully and completely formulate characters and many models, stereotypes of typical Instagram and social media models of this time, overlapped for the same concept or inspiration of a character.

Now, revisit the moments captured by wskel.com and its efforts in developing and conceptualizing Model Combat and bask in the beauties encountered to help make Model Combat into such a success today - with its branching out into Bad Girls Club Magazine and its own movie, Girl Blood Sport!

BAD GIRLS CLUB MAGAZINE: THE MOVIE RELEASED!

BAD GIRLS CLUB MAGAZINE: THE MOVIE is a documentary that explores the dangers of modeling in the social media age. In this film, based on true events, models blindly accept a social media challenge with the promise of fame and fortune but the results offer fateful consequences.

Models from all over the world submitted video footage of themselves, from their shoots, and even with the help of music videos and other work by professional videographers.

Note: Bad Girls Club Magazine: The Movie was the working title and planned release title for the film in 2024. However, after performing business analytics it was found the original title, Girl Blood Sport, was more suitable. What you are downloading is the original Consumer Guide that describes all of the various versions being made available here as digital video downloads.

As a special gift to our most collector and dedicated fans we are making these never before released films available for the first time!

LET'S PUBLISH YOU!
IN THIS DOCUMENTARY, MODELS BLINDLY ACCEPT A SOCIAL MEDIA CHALLENGE WITH THE PROMISE OF FAME AND FORTUNE BUT THE RESULTS OFFER FATEFUL CONSEQUENCES. BASED ON THE OHIO MODEL MASSACRE.

GIRLFIGHT: MODEL KOMBAT

WELCOME BOOK

THIS IS YOUR INVITE TO GIRLFIGHT…

This collection archives the popular *GIRLFIGHT* series of books from 2015-2019 at a time when the original work was modified to suit Ohio models tastes, at least in its early iterations.

After escaping near-death by government assassin Russell Brown, a teen backyard wrestler grows up to live his life in peace in the United Kingdom. But all of that changes when Russell Brown seeks to find and destroy his life once and for all - but not before Russell finds out his wife, fatal fem fatal and the world's deadliest female assassin, Rachel, has put a hit on him - as he is forced to battle an all-female assassin squad of man-hating assassins falsely promised with a million-dollar death bounty - all while she savagely lures hungry, unsuspecting attention-seeking models into the backwoods of Columbus, Ohio, forcing them to fight to the death inside a brutal steel cage with the promise of a multi-million dollar contract and entry into *GirlFight: Model Kombat*, for which they're already unknowingly a part of.

Now Russell Brown and enemy must join forces and fly to the states to eradicate his wife from hell - once and for all.

All this craziness adds up in one of the world's most "ground-breaking, a fresh of breath air" (Stacey Cox, DecayMag) independent, martial-arts model mash-up found-footage art-house ultra-violent nightmare horror parody film from GirlFightMovie.com.

Girl Power - Feminists Unite.

GirlFight: Model Kombat empowers women by shattering through the glass ceiling, opening doors to an all-female ensemble featuring many models and actresses from various genres put into movie roles in this deadly martial arts mashup typically oriented to males.

Careful consideration and intricate detail was ensured to make sure the film portrays women in a positive light, respecting women as human beings and not objects.

Women in the film do not share common gender-based roles - many times the women are actually in charge and the men are inferior to the women.

They are often very strong, independent, and capable characters to which younger women can relate.

"We approach female empowerment through violence like Wonder Woman, Star Wars, and The Mummy - just with a lot more violence and without all the snazzy superheroes and special effects."

Girlfight by Kelcey Coe - As Seen on Wal-Mart.com

This was the widely popular version promoted on Walmart.com and also appeared on Barnes & Noble. It sits among Goodreads fans as very popular and the most "Wanted to Read" among the Girlfight series.

This originated as a watered-down version of Model Combat (see wskel.com) and provides two transitional drafts that will ultimately become GirlFight: Model Kombat in 2016.

Featuring Reality TV star Marissa Jade Fiore.

GirlFight: Model Kombat: The Offcial Motion Picture Script (Bad Ass Bitches Cover Series)

After the official release, it was decided the script should be reissued as a cover series, featuring covers of the girls of Girlfight. Several covers were made and two were adjusted to resolve an issue: Jessi June returned but newcomer Jordan Bunniie takes the cake as the most popular cover from this series sold on Amazon.

GirlFight: Model Kombat Signature Cover Series

In 2017, after recruiting Kitten Chelsi and Lois Minnis into movie roles, it was decided to promote the later draft with a new cover.

Not only were both new actresses used but all photos from wskel.com's history could be used.

Among the most popular sold on Amazon was Florida's Amore in a pink bikini.

GirlFight: Model Kombat Signature Cover Series

In 2018, Tori would serve as the final girl to be personally filmed and photographed for the film project (that later became GirlBloodSport.com) in Las Vegas. To honor Vegas, which was a city struggling after the October Vegas Shooting, I decided to create a whole cover series featuring Tori, as well as a few updates to reflect the previous locations of the two known projects: Model Combat (Florida) and Girlfight (Ohio). The draft was changed to reflect it taking place in the underbelly of deep-seeded Las Vegas. It was the final script series because 2018/9's AuthorSelect Series - featuring Girlfight Magazine's models took over August 2019, adding models from Bad Girls Club Magazine covers over Girl Blood Sport novels. See GirlBloodSport.com for more information.
